Dear Parents

### **Re: Design Technology – Year 3**

In Year 3 this year, the children will develop and improve their design technology skills by making various items and using different materials. Children will have opportunities to make sandwiches, design and make packaging for their Egyptian artefact and make a photo frame.

If you would like your child to take the finished items home to keep, then a contribution towards the cost of materials will be needed. For Year 3 children, the contribution for the WHOLE academic year will be £2.50.

Please be kind enough to make your contribution on your child's ScoPay account.

Thank you for your co-operation with this and hopefully, when each item is brought home, your child should be able to explain to you how it was made.

Yours sincerely

Mrs J Robinson  
Design Technology Lead
